

Flowerpot Manual - Using Products and the Shopping Cart

Once your account is created, it's time to start looking around at products and adding those you like to your shopping cart for purchase. To do this, first head to the Products page listed in the top right menu.

From there, you will be greeted with a list of our products, and some extra features to help you find exactly what you're looking for. One of these features is our search bar, where users can enter a keyword associated with the product they want, and our site will try to find it in our stock. Simply type in the desired result and press search.

Another feature to help you find what you need is through our item categories. Almost all of our products have been sorted into categories based on what best defines their utility in a garden setting. Selecting a given category can be done with the drop-down menu below the search bar.

The screenshot shows the homepage of "The Flower Pot" website. At the top left is the logo with a rose icon and the text "The Flower Pot". To the right are navigation links: Home, Products, Shopping Cart, Account, About, Contact, and a user greeting "Hi, testuser! Log Out". Below the header is a section titled "Products". On the left is a search bar with a "Search" button. A red box highlights the "Categories" link. To the right are four thumbnail images of plants: purple flowers, blue flowers, green foliage, and yellow-green buds.

Once opened, the list of possible categories emerges, and you will always know which category is currently selected, as the selected category will show up as black and not gray.

The screenshot shows the same website layout as above, but the "Categories" link is now expanded, indicated by a red box around the dropdown menu. The menu items are: ▾ Categories, All items, Flowers, Crops & Herbs, Miscellaneous Plants, Gardening Equipment, and Seeds. The "Categories" item is highlighted in black, while the others are in gray. The rest of the page content, including the search bar, navigation links, and product thumbnails, remains the same.

One important point to note is that for simplicity's sake, searches override category selection instead of searching within a given category, as this small store does not need the extra separation.

In cases where the amount of items selected is greater than 10, a paging system is used to limit the amount of content shown on screen. This system can be used with the next and previous buttons at the bottom of the page, which can be clicked to go back or go forward a page where such pages exist.

Oregano
\$9.00 (30 remaining)

Oxalis
\$8.50 (20 remaining)

Windsor Garden Shop

Product Description

From the Shopping Cart, we can view all the items currently in our account's cart (there are no limits with regards to the amount of items in a cart), and change the quantities of these items as desired. An item can also be removed entirely by pressing the far left button labeled with an “X” associated with the item. The “+” and “-” buttons, by contrast, change the quantity up and down by one respectively. Be careful with low quantities, however, as pressing the “-” button when only one unit of the item is in the cart will remove the item from the cart entirely.

Once you are satisfied with the items in your Shopping Cart and would like to purchase them, press the “Proceed to Checkout” button at the top of the shopping cart page.

The screenshot shows the "My Shopping Cart" page. At the top left is the logo "The Flower Pot" with a rose icon. At the top right are links for Home, Products, Shopping Cart, Account, About, Contact, and a log-in message "Hi, testuser! Log Out". Below the header is the title "My Shopping Cart". A red box highlights the "Proceed to Checkout" button. The main content area has a table with columns: Product, Description, Quantity, Manufacturer, Price, and Quantity. One item is listed: Anagallis, described as a genus of about 20-25 species of flowering plants in the family Primulaceae, commonly called pimpernel. The quantity is set to 4, and the manufacturer is Windsor Garden Shop. The price is \$6.00. At the bottom left is a small "X" button, and at the bottom center is the text "Page 1".

This will redirect you to a checkout page that will ask if you accept the charge of the full total of the cart items. You may click yes to proceed with the transaction and purchase the items, or click no to return to the shopping cart without any changes.

The screenshot shows a "Checkout" dialog box. It asks "Do you accept the \$24 charge for this order?" with two options: "Yes" and "No". A red box highlights the "Yes" button. The background of the page is black, and the footer features the "The Flower Pot" logo in white. On the left, there's a "Useful Links" section with links to Coupons, Contact Support, Return Policy, and Account. On the right, there's a "Social Media" section with links to Facebook, Instagram, Twitter, and YouTube.

And that is all there is to products and the shopping cart system for The Flower Pot. Consult our guide for the account section of the website for information regarding changing user information and tracking orders.
